

SAN ANTONIO CHRISTIAN SCHOOL

Pastoral Discount Application

San Antonio Christian School values pastors and their involvement as part of the SACS family. SACS offers a needs-based tuition discount to students of pastor's who are in full-time service in their local church. This discount is funded by a limited budget amount. **The pastoral tuition discount is an application process that is awarded based on need, not guaranteed, administered by the Tuition Assistance committee, and subject to availability of funds on an annual basis.**

Eligibility: A pastor is defined as a paid individual that is ordained or licensed by a church or denomination and is functioning full-time in the roles such as but not limited to the following: Senior Pastor, Executive Pastor, Youth Pastor, or Children's Pastor.

Those that are not eligible for this discount are those in support roles such as bookkeepers, business managers, accountants, secretaries, librarians, children's workers, teachers that work at a church school or pre-school, or volunteers that serve in a ministerial role such as a worship leader or children's leader.

To apply, the parent is asked to provide proof of eligibility as required through this form and understand the following conditions:

- The parent or guardian must be a full-time, ordained pastor and not hold a second full-time job or its equivalent in aggregate part-time jobs.
- The church that is served by the parent or guardian must be within 50 miles of SACS.
- The family and student must meet all other admission requirements.
- The pastoral tuition discount is application based, not guaranteed, administered by the Tuition Assistance committee, and subject to availability of funds on an annual basis.
- If tuition is paid monthly, any awarded discount will be spread evenly over the 12-month payment plan.
- If there is a financial need above any awarded discount, or if no discount is available, the family is encouraged to apply for tuition assistance.
- You will be notified by email after review of your application.
